Dear 88 Airdrie Lynx Air Cadet Squadron;

On behalf of the Airdrie Food Bank, please accept my heartfelt appreciation for everything you did for us through the Feed the Bug food drive. What an amazing success raising \$4,800 worth of non-perishable food. Wow!!

On a personal note, I know firsthand the sacrifices our veterans make for us because my father and brother-in-law are both veterans. It's great that your food drive will support many of our local veterans now.

The numbers of people who come to the Airdrie Food Bank is increasing every year and it's critical that we continue to receive both food and money donations in order to meet those growing needs. Please know that your efforts and contributions really do help us in so many ways.

Thank you once again for your time, work and support of this amazing event. It was a great team effort of both cadets and parent volunteers. You all make a difference!

Sincerely,

Sue Methuen
Executive Assistant
Airdrie Food Bank
